features

1 less dishes use less water

Every home is different, so is every load of dishes. Our FlexZone half-load wash option saves water and energy when you've got less dishes to wash.

3 fit things great and small

Every wash load is different. Our FlexRack cutlery tray has got the space for that extra long knife or the awkward pair of tongs, it can also be partially or fully removed, so taller items can fit in your top basket when you need. (WSF6608XA, WSF6608KXA)

5 make room for larger items

Those extra large items can now fit with ease in the bottom basket with our height adjustable upper basket. Even if it's fully loaded, it's easily lifted to fit the most awkward item underneath.

7 anti-flood for kitchen protection

Sometimes things are out of your control. Our aqua control function is designed to step in when you need it most. The anti-flood device automatically cuts off the water to avoid flooding, ensuring your kitchen is looked after.
