FEATURES

13 place settings

Wash programs - 5

Fast wash program

Time Save program

Half load option

Wash progress indicator

Adjustable upper basket

Bottom basket with fold down racks

Durable stainless steel tub

Water safety system

BENEFITS

Simple to use controls

The well-designed rotary dial saves time and reduces confusion. Simply rotate it to select your desired program.

Five wash programs

There's a program to suit your requirements, giving you more flexibility to choose what, when and how you wash. It includes the Fast 30 program, supporting your busy lifestyle.

Fast 30 program

Sometimes a quick wash is all you need for a smaller load. Use the Fast 30 minute program for lightly soiled dishes at breakfast, lunch or dinner and then just get on with your day.

Saves water

With today's climate challenges, we need to do what we can to save water. That's why we offer 4.5 star WELS water rated dishwashers that only use 11.8 litres of water, just a fraction of the water you will use when hand washing dishes.

Height adjustable upper basket

For added convenience, the height adjustable upper basket can be easily lifted or lowered when empty. With the flexibility to adjust the upper basket as you need, you will always find a place for everything.
