

60cm Dark stainless steel 19 multifunction steam oven with pyrolytic cleaning, AirFryPlus, TFT touchscreen display and Smart Food Probe.

RRP AUS \$3,499.00

Product Details

FEATURES

SteamRoast

AirFryPlus

Colour TFT display

Smart Food Probe

SteamReheat

Pyrolytic self-cleaning oven

SoftMove

Easy glide side racks

Quadruple glazed doors

80L gross capacity oven

BENEFITS

CRISP OUTSIDE. FLAVOUR INSIDE.

Take your cooking to the next level with the SteamRoast oven. How? Traditional oven heat is enhanced by the introduction of steam. So not only are meats crisp and golden outside, but thanks to the gentle flavour-preserving nature of steam, they are also succulent and full of flavour on the inside.

DELICIOUS FRYING WITH MINIMAL OIL

The mesh design of the Air Fry Plus tray allows super-heated air to crisp the surface of food to deliver a mouth-watering fried taste and texture with little to no oil. Steam is added during the cooking process to help retain moisture inside the food, whilst the outside becomes deliciously crisp and golden.

REVIVE YOUR LEFTOVERS

Using steam to reheat meals adds and retains moisture to help revive the taste and texture of food.

NO NEED FOR ELBOW GREASE

High temperature pyrolytic cleaning burns away oven grease and grime for easy cleaning, without any need for water or chemicals. Simply set the pyro program and wipe the oven clean afterwards. The oven door is also quadruple-glazed to reduce the temperature of the door during cleaning.

PROGRAM FOR PERFECTION

Select from a large range of programs, input the weight or insert the food probe, and let the oven do the rest. Whether you're cooking roast potatoes with crispy skins, tender steaks, succulent roast chicken, or pizza for a crowd, the oven will adjust the cooking function, time and temperature to deliver the best possible results, adding steam whenever necessary.

PRECISE COOKING, GREAT RESULTS

Whether you're broiling beef or roasting chicken, the food probe helps you to achieve delicious results, time after time. By monitoring the core temperature of the food during the cooking process, your meats will be cooked to their succulent best. The precise sensor will even let you know when your dishes have been cooked to the desired temperature and automatically stop the process to prevent food from drying out.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Type of Oven	single steam & pyrolytic oven
Oven fuel	electric
Materials/Colour	Dark stainless steel
Controls of Oven	TFT touchscreen
Cooling fan	Yes

FLUSH FIT CUT OUT
