FEATURES & BENEFITS

- Designed to match**
With their stylish stainless steel finish, our refrigerators are designed to match the rest of Fisher & Paykel's kitchen appliance family.
- Humidity control**
Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

- Easy cleaning**
Removable, spill-safe glass shelves are easy to clean and contain drips and spills. Storage bins and white steel doors just need a wipe to keep spotless.
- Design quality**
Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving.
- Clever energy**
Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means it uses the energy it needs without compromising on food care.
- Simple storage**
This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.
